REPORT OF FIREWARDS

For the Year Ending January 31, 1919

May 3, 1918. A still alarm for fire in shed and sugar-house on farm of Carlos Bergeron. Loss about \$300.

Sept. 11, 1918. Alarm for fire at Platts Box Shop barn. No loss.

Jan. 13, 1919. Alarm for fire at Dort's house near the Ward bridge. Proved to be a chimney fire.

Eight chimney fires attended by the firemen.

The steamer has been thoroughly overhauled and put in fine shape. Other apparatus in good order.

During the past year the department has sustained a great loss in the death of James L. Stanley, always at his post when duty called.

We extend our sympathy to the family of the deceased and feel keenly the loss in the board of firewards and in the Steamer Company, of which he was for so many years an efficient member.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Troy School Board:

I herewith submit to you my first annual report as Superintendent of Schools. Much of my time during the first half year I have been with you has necessarily been taken in attending to the routine work and in getting acquainted with your school conditions. This report will be limited to recording certain things which ought to find a place in every school report and to making a few specific suggestions.

During the summer it was considered advisable to make a slight change in the high school course, and the third year's work was dropped. This necessitated eliminating the business course and the release of one teacher. Maintaining the two years of high school work and the seventh and eighth grades as a junior high school has given two teachers a rather heavy schedule, especially in view of the rating given the high school at the close of last year. The many changes last year could not fail to have a demoralizing effect upon the high school and the examination of the work by the State Department last May resulted in placing the school on probation during the first term of the present year. The illness of State Superintendent Butterfield in December prevented his visiting the school and no definite rating for the school for the present year has yet been obtained.

It has been our purpose to strengthen the course in every possible way. Miss Mildred M. Flynn, who finished last year with the high school returned and we secured Mrs. Villa Hall Wight to take charge of the junior high school and to teach the mathematics in both departments. Her work has been very successful, but the State Normal School at Keene has finally succeeded in getting her away, and Miss Flynn has recently been elected to take charge of the English department in the Keene high school. While regretting these changes we cannot but feel that the school has made an excellent showing under these teachers who are called to more responsible positions. Mr. Hugo P. Karlson has taken charge of the high school as principal, and the other vacancy was filled by the election of Miss Elsie Shattuck who, however, at the last minute was unable to take the place and the position is as yet unfilled.

Miss Patnode returned as principal of the primary building and as teacher of grades five and six. Miss Platts, Miss Agnew, and Mrs. Jessie Brown returned to their positions for another year and are continuing their excellent work with their several rooms.

During the summer a new room was fitted up for the 3rd grade in order to provide for the overflow in the lower grades, and Miss Helen P. Colley was elected to the new position. She has had an enrollment of 36 pupils in that grade and the number thus taken over has equalized the work of the building.

Miss D. Helen Brown who taught 17 weeks last year at West Hill also returned to her position with a school showing an enrollment of 12 pupils as against 8 last year.

Taken altogether the first six grades are showing excellent results; the seventh grade in the high school building is doing

RECOMMENDATIONS

As there is a bill at the present time before the Committee on Education in the House of Representatives which reorganizes the whole system of raising school money and apportionment of state aid.

And upon advice of the Department of Public Instruction to delay the annual school meeting as late as possible in order to follow the new regulations.

The school board can only recommend that the amount of money to be raised for school purposes be not less than that raised last year, as follows:

Text books and supplies,	\$600 00
High school tuition,	300 00
Flags,	15 00
And in addition to that required by law,	5,700 00

We also recommend that the district raise by taxation the sum of \$500.00 to apply on the amount borrowed for purchase of new building, and \$150.00 for interest on notes.

Respectfully submitted,

PERLEY A. HALE,

CORA F. RIPLEY,

ERNEST L. WOODBURY,

School Board of Troy, N. H.
